WINDS FROM OVER THE SEA, THE (A Song to Hawaii) 18

FOREWORD

This outstanding collection of Hawaiian songs has been compiled by Johnny Noble, Hawaii's famous composer-arranger, director and foremost authority on this increasingly popular native music. The volume contains seventy-six songs, written by and representative of the work of the best native Hawaiian composers.

The melodies from Hawaii have always been enhanced by native interpretations on the ukulele, guitar or steel guitar. In retaining the various moods and full character of this music, the songs herein contained have been supplemented with additional accompaniments for those instruments. The following chart especially devised by Johnny Noble, has been included to give fingering position for the various chords on the ukulele, and, at the same time, to designate the signatures of the guitar and steel guitar chords used throughout this collection. All the instruments and piano parts are written in the same key, thereby simplifying the playing without transposition.
